This fee will be either a sum equivalent to five percent (5%) of the permit application fee or one hundred dollars (\$100), whichever is greater. *A permit fee of \$2,000 equates to a correction fee of \$100 at 5%. This equals a 50-acre site. Any permit fee greater than \$2,000, or greater than 50 acres, the correction fee must be calculated at 5% of the total permit fee.*

EXPEDITED PERMIT REVIEW FEE

The fee for expedited review of NPDES Stormwater Construction, State Oil & Gas Stormwater Construction or Multi-Sector Industrial Stormwater applications shall be one and one-half (1.5) times the initial permit fee. This pertains to New, Reissuance, or Modification applications.
