Electronic Submittal of Cease Operator Assignment (19N)

The Division of Mining and Reclamation is pleased to announce the new Cease Operator Assignment (19N) submittal type in the Electronic Submission System (eSS). The 19N can be found in the Mining and Reclamation (OMR) DEP office preference of eSS.

The electronic 19N is ready for immediate use. Paper submittals will no longer be accepted.

The applicant can be the Permittee or the Operator. Here are a few things to keep in mind when completing the 19N:

Permittee as Applicant

- Multiple operators can be ended on multiple permits.
- Permittee certification is required.
- Operator certification is optional.

Operator as Applicant

- Operator can be ended on multiple permits IF the permittee AND operator are the same for all permits.
- Permittee certification is required.
- Operator certification is required.
