

# FISCAL YEAR 2013-14 ANNUAL REPORT WEST VIRGINIA DEPARTMENT OF ENVIRONMENTAL PROTECTION

EARL RAY TOMBLIN, GOVERNOR RANDY C.HUFFMAN, CABINET SECRETARY

## TABLE OF CONTENTS

#### **Protecting the Environment**

Division of Air Quality	1
Division of Mining and Reclamation	
Office of Oil and Gas	
Division of Water and Waste Management	3
Restoring the Environment	
Abandoned Mine Lands and Reclamation	6
Division of Land Restoration	6
Supporting DEP Offices	
Environmental Advocate	7
Small Business Ombudsman	8
Public Information Office	8
Office of Administration	9
Information Technology Office	9
Office of Legal Services	10
<b>Boards and Commissions</b>	
Air Quality Board	10
Environmental Quality Board	10
Oil and Gas Conservation Commission	10
Surface Mine Board	11
Solid Waste Management Board	11
Appendix	
DEP Financial Statement	12

# PROTECTING, RESTORING AND SUPPORTING ROLES IN PROMOTING A HEALTHY ENVIRONMENT

The West Virginia Department of Environmental Protection's mission is to protect the environment while leaving room for a sustainable industry base. Such a task requires careful balance: Its four major divisions, protecting air, land and water, plus an office regulating oil and gas drilling, must be circumspect and fair in regulating industry, permitting extraction of natural resources and protecting the public from hazards of pollution.

## PROTECTING THE ENVIRONMENT

#### **Division of Air Quality**

The Division of Air Quality develops and implements regulations and related programs mandated by the federal Clean Air Act and the state Air Pollution Control Act. It works for the protection of public health and the prevention or mitigation of environmental impacts resulting from air pollutant emissions.

DAQ monitors air quality and regulates emissions of air pollutants from industrial and commercial facilities.

#### During FY 2014, DAQ accomplished:

#### **Air Monitoring**

- 1) Received Environmental Protection Agency grant in the amount of \$446,716, which funded all fine particulate matter-related monitoring, laboratory, and data handling activities. Collected and processed more than 2,255 PM2.5 filter samples.
- 2) Continued to perform particulate metals lab analysis for West Virginia sites, the Washington, D.C., national air toxic trends site, and other states' toxic monitoring sites. Received an Environmental Protection Agency grant of \$23,000 to support operation of an ICP-Mass Spectrometer.
- 3) Operated 22 air monitoring sites, including three air toxic sites, three fine particle speciation sites, and a radiation network monitor on behalf of EPA's national radiation monitoring program.
- 4) Analysis of lead in particulate matter is conducted by the DAQ laboratory for both the West Virginia and Washington, D.C., sites.

#### **Compliance and Enforcement**

- 1) Conducted 1,429 full compliance inspections of air pollution sources, 108 of which were major sources.
- 2) Conducted 209 partial evaluations of air pollution sources.
- 3) Reviewed 906 self-monitoring reports from air pollution sources.

- 4) Investigated 775 citizen complaints.
- 5) Inspected 36 asbestos demolition or renovation projects.
- 6) Reviewed 153 source performance tests, stack tests, and relative accuracy test audits.
- 7) Reviewed 168 Title V annual certification reports.
- 8) Issued 19 notices of violation.
- 9) Negotiated 35 consent orders to settle violations.
- 10) Collected \$1.1 million as a result of the consent orders.

#### **Hazardous and Solid Waste Air Program**

- 1) Conducted 45 compliance site inspections at hazardous waste air pollution sources.
- 2) Conducted eight used/waste oil burner source inspections.
- Assisted in the development/update of the 2013-14 DAQ

   HSWAP air rules 45CSR25, 45CSR16, 45CSR34, and 45CSR18.
- 4) Submitted to EPA the required grant reports on the Resource Conservation and Recovery Act and the Clean Air Act 111(d)/129 programs.
- 5) Assisted the Division of Water and Waste Management on revisions to the West Virginia Resource Conservation and Recovery Act (RCRA) Hazardous Waste State Authorization Program for combustion, thermal treatment, and subparts AA, BB, and CC.
- 6) Ongoing CAA 111(d)/129 plan revisions for commercial industrial solid waste incinerators for EPA approval.

#### **Permitting**

#### **Title V Program**

- 1) Issued 50 permit revisions, including five administrative amendments, 28 minor and 17 significant modifications.
- 2) Issued 22 renewal permits, two initial permits and reviewed one off-permit change.

#### **New Source Review Program**

- 1) Issued 151 Rule 13 construction/modification permits.
- 2) Issued two temporary permits.
- 3) Issued 114 administrative updates to existing permits.
- 4) Issued 260 general permit registrations.
- 5) Rendered 102 decisions on permit determinations.
- 6) Completed 38 withdrawal requests.

#### **Planning**

 EPA finalized approval of DAQ's requests to redesignate the Charleston, Parkersburg, Wheeling, and Weirton areas to attainment of the 1997 fine particulate standard. During the same time period, EPA approved DAQ's mainte-

- nance plans to ensure that the areas will continue to be in attainment for at least 10 years.
- 2) EPA finalized approval of DAQ's requests to redesignate the Charleston and Wheeling areas to attainment of the 2006 fine particulate standard. Simultaneously, EPA approved DAQ's maintenance plans that ensure the areas will continue to attain the standard for at least 10 years.
- 3) EPA proposed approval of DAQ's request to redesignate the Martinsburg area to attainment of the 1997 fine particulate matter standard. At the same time, EPA proposed approval of DAQ's maintenance plan that ensures the area will continue to attain the standard for at least 10 years.

#### **Small Business Assistance Program**

- 1) Provided assistance to 102 customers, 66 being comprehensive, including 36 site visits.
- 2) Produced/distributed dry cleaner compliance calendars.
- 3) Developed emergency generator applicability/emission guidance.

#### **Division of Mining and Reclamation**

The Division of Mining and Reclamation safeguards the environment during coal mining. It ensures prompt compliance and proper reclamation of mining sites, and maintains a statewide database for mining operations.

#### During FY 2014, DMR accomplished: Affected Acres **Application Type** Total 59 8,498 Surface Mining Applications (SMA) Issued Surface Mining Permits Issued 22 7,496 **Underground Mining Permits Issued** 29 759 Other Mining Permits Issued 8 243 Quarry Permits Issued 0 8 **Quarry Modification** 66 **Quarry Annual Bonding** Amendments 8 619 Notices of Intent to Prospect 79 Withdrawn/Terminated/Denied Applications 158 **Incidental Boundary Revisions** 244 864 Permit Renewals 253 **Permit Revisions** 475 Permit Transfers/Merger/Ownership 60 **Operator Assignments** 65 **Inactive Status** 127 Incremental Bonding 44 **NPDES Applications Approved** 691 **Emergency Warning Plans** 83 Special Land Use 0 Certification of Approval for Dams 16

Inspection and Enforcement	Total	Affected areas
Inspections	21,086	
Notices of Violation	827	
Conferences	327	
Phase 1 Permit Releases	11	1,093
Phase 2 Permit Releases	16	1,651
Phase 3 Permit Releases	46	2,879
Prospect Releases	166	
Incremental Releases	22	
Planting Plans	5	
Cessation Orders	86	
Consent Orders	12	
Complaints Investigated	214	
Surface Mine Permits Revoked	6	
NPDES Permits Revoked	0	
NPDES Permits Released	18	

#### Office of Explosives and Blasting

The Office of Explosives and Blasting regulates all surface mine blasting. It administers pre-blast surveys; trains, tests and certifies all surface mine blasters; and manages the claims and arbitration process regarding blasting damage.

#### During FY 2014, OEB accomplished:

g , c	
Surface Mine Blasting Exams	111
Surface Mine Certifications	92
Pre-blast Surveys, Waivers, Affidavits Accepted	998
Pre-blast Surveyors Approved	6
Pre-blast Surveyors Renewed	2
New Damage Claims Processed	10
Complaints Received	167
Complaints that Received Alleged Damage	57
Inspections	1,348
Violations Issued	48
Cessation Orders Issued	0
Total Exams	111
Total Initial Blasters	9
Total Renewal	83
Total Reciprocity	1

#### Office of Oil and Gas

The Office of Oil and Gas monitors all actions related to the exploration, drilling, storage, and production of oil and natural gas. OOG tracks more than 55,000 oil and gas wells, manages abandoned well plugging and reclamation programs, and ensures surface/ground water protection.

#### During FY 2014, OOG accomplished:

- 1) Reviewed, processed, and issued 1,392 well work permits; 630 of these were for horizontal wells.
- 2) Conducted 4,742 site inspections.
- 3) Processed 146 complaints.

- 4) Responded to 254 emergencies/spills.
- 5) Issued 177 notices of violation.
- 6) Plugged and reclaimed nine abandoned wells/sites.
- 7) Expended approximately \$665,053 from the federal Oil Spill Liability Trust Fund.
- 8) Conducted 36 abandoned well inspections.
- Conducted 174 underground injection control inspections.
- 10) Reviewed and approved 84 underground injection control (UIC) well mechanical integrity tests.
- 11) Conducted two industry workshops, reaching approximately 449 attendees.

OOG is entering into a partnership with the Groundwater Protection Council for the acquisition of a new data management system, RBDMS. This system, which is currently used as a regulatory tool for 23 oil- and gas-producing states, will replace the existing database and allow for new features.

The Shallow Gas Well Review Board hears and rules on objections from coal owners/lessees/operators, regarding the location of proposed shallow gas well drilling sites. It generally administers the requirements of West Virginia Code Chapter 22C, Article 8. The board held four hearings.

The Coalbed Methane Review Board hears and rules on actions associated with the drilling and production of coalbed methane wells. It generally administers the requirements of West Virginia Code Chapter 22, Article 21. The board held zero hearings.

#### **Division of Water and Waste Management**

The Division of Water and Waste Management strives to meet its mission through implementation of programs controlling surface and groundwater pollution caused by industrial and municipal discharges, as well as oversight of construction, operation, and closure of hazardous, solid waste, and underground storage tank sites.

In addition, the division works to protect, restore, and enhance West Virginia's watersheds through comprehensive watershed assessments, groundwater monitoring, wetlands preservation, inspection and enforcement of hazardous and solid waste disposal, and proper operation of underground storage tanks.

#### During FY 2014, DWWM accomplished: Environmental Enforcement Dam Safety

Reviewed eight applications or proposals for dam construction, modification, or removal; reviewed 81 monitoring and emergency action plans; conducted 241 inspections of all types.

#### **Hazardous Waste**

Completed 466 inspections related to hazardous waste facilities; responded to 87 emergency response situations; investigated 129 citizen complaints related to hazardous materials.

#### **Underground Storage Tanks**

Conducted 62 closure inspections, 46 installation inspections, and 460 compliance monitoring inspections.

#### **Water and Waste**

Conducted 3,037 inspections of solid waste and water pollution control facilities; initiated 139 open dump cleanups; responded to 1,194 citizen complaints.

#### **Nonpoint Source**

- 1) Awarded 36 grants totaling \$2.5 million to partner agencies, local governments, watershed associations, nonprofit organizations, and universities to implement watershed-related outreach, planning, education, monitoring, and water quality improvement projects. The funding is provided by the EPA through Section 319 Nonpoint Source and Chesapeake Bay programs, and DEP's Stream Restoration Fund.
- 2) Awarded 24 grants, totaling \$100,800, through the West Virginia Stream Partners Program.
- 3) Coordinated and completed projects in acid mine drainage treatment, agriculture, forestry, on-site septic systems, urban storm water, riparian buffers, tree planting, natural stream restoration, and updating local stormwater ordinances.
- 4) Committed to seven in lieu fee projects, which when completed will provide approximately \$10 million in affected mitigation to replace, protect, and restore streams and wetlands. Four other mitigation projects/credit purchases were completed, totaling approximately \$2 million.
- 5) Conducted 27 volunteer monitoring workshops, participated in numerous water monitoring events, and hosted a shale gas conference through West Virginia Save Our Streams Program. Held 18 workshops, six water festivals, and eight outreach events through Project WET (Water Education for Teachers) to reach 2,873 children, parents, and educators.

#### Permitting

Issued 16 major and 84 minor individual permits, 43 permit modifications to industrial and municipal facilities, 1,284 general permit registrations, and 174 general registration modifications for a variety of facilities and activities. There were 123 permits transfered during Fiscal Year 2014.

#### **Groundwater/UIC Program**

Issued 48 underground injection control permits to facilities, including three industrial permits, 42 sewage related permits, and three storm water permits; inspected 232 underground injection control facilities.

#### **Hazardous Waste Operating Permits**

Received three and issued three Hazardous Waste Resource Conservation Recovery Act permits; received and reviewed four permit modifications.

#### **Corrective Action**

In cooperation with the Division of Land Restoration, received/reviewed 42 corrective action submittals, involving the Hazardous and Solid Waste Management acts; reviewed 12 RCRA facility investigations.

#### **Solid Waste**

Issued 19 municipal solid waste landfill permits; issued 598 minor permit modifications; and issued 25 Class D construction/demolition landfill registrations.

#### **Clean Water State Revolving Fund**

- Disbursed more than \$65.1 million to communities for municipal sewer projects under construction; disbursed \$2.6 million to nonpoint source pollution control projects; closed new loans on an additional 12 municipal construction projects, worth \$88.9 million; and issued 10 preliminary binding commitment letters for future loans, worth \$105.5 million.
- 2) Approved 22 sets of plans and specifications; reviewed 43 Infrastructure and Jobs Development Council applications; and funded 34 new onsite systems and four agricultural loans through the Onsite Systems Loan Program and Agricultural Water Quality Loan Program.

#### **Quality Assurance**

Received applications from 122 laboratories for certification; performed onsite inspections at 113 laboratories; and recertified/certified 130 laboratories.

#### **Watershed Assessment Branch**

1) Total Maximum Daily Load Development: Collected 1,924 water quality samples from 498 sites on 346 streams, providing 24,628 individual parameter results. These samples are from several watersheds. Fifty-six streams from Meadow River, 276 streams (and discharges) in the Tygart Valley River Watershed, three streams in the Upper Ohio North Watershed, six streams in the Warm Springs Run Watershed, and three streams in the Rockymarsh Run Watershed (Potomac) received EPA approval for impaired streams in the West Fork River and Monongahela River watersheds.

# PROTECTING THE ENVIRONMENT

- 2) Watershed Assessment/Long-term Monitoring Sites: Collected water quality, habitat, and biological information from 73 targeted sites - 63 sites considered long-term monitoring sites and 10 other targeted samples.
- 3) Ambient Water Quality Monitoring Network: Collected bi-monthly water quality information for more than 30 parameters from 26 sites on the state's major streams and rivers. Six sites in the Monongahela basin were sampled monthly during low-flow season.
- 4) Probabilistic: Monitoring was conducted in the spring and early summer of 2014, which was the second year of the fourth five-year cycle of probabilistic monitoring.
- 5) Water quality continuous data loggers were deployed at 76 sites on 54 streams.
- Fish community data was collected at 114 sites, primarily in Tygart Valley and South Branch Potomac River watersheds.
- 7) Benthic Macroinvertebrate Data: 207 samples were collected from 176 streams.
- 8) Lakes: 2013 Monitored 10 lakes, established 24 sites, and collected 61 samples with 3,071 individual parameter results. 2014 Selected nine lakes with 15 sampling stations established and initial samples collected.

#### **Water Quality Standards**

Completed the 2014 triennial review of West Virginia Water Quality Standards (Rule 47CSR2); began 2015 rule revisions to allow the lower Kanawha River to have the Category A drinking water use applicable.

#### **Water Use Section**

1) Submitted to the Legislature the West Virginia Water Resources Management Plan as required by the 2008 Water Resources Protection and Management Act (W.Va. Code §22-26-1 et seq.) on Nov. 22, 2013; submitted four texts, including the West Virginia Water Resources Management Plan, a companion report entitled "West Virginia Watershed Descriptions," a mine pool atlas, and a West Virginia watershed atlas; and constructed a Geographic Information Systems based web-tool, that can be found at <a href="http://tagis.dep.wv.gov/WVWaterPlan/">http://tagis.dep.wv.gov/WVWaterPlan/</a>. The WVWRMP details historical flooding and drought in the state, examines water infrastructure deficits, describes the need for continued stream gauging, and includes projections of future water use.

- Reviewed and approved 902 water management plans, along with 508 plan modifications, relating to withdrawal of surface and groundwater used in horizontal well drilling operations.
- 3) Made modifications to the Water Resources Protection and Management Act, adding two new articles entitled the "Aboveground Storage Tank Act" and the "Public Water Supply Protection Act" (PWSA), thus placing new responsibilities on the DEP.
- 4) Changed the definition of a large quantity water user from 750,000 gallons per month to 300,000 gallons per 30-day period, meaning registration and regulation of an additional 700-plus facilities required by the AST Act.
- 5) Began development of an entire new full-scale tank regulatory program within prescribed timeframes.

#### **Aboveground Storage Tanks**

Made additions to Chapter 22 of the West Virginia Code in response to the Jan. 9, 2014, chemical spill; implemented the registration and tank inspection and certification requirements of the AST Act, which went into effect June 6, 2014; created a comprehensive website providing all available information at www.dep.wv.gov/tanks; and maintained oversight of the tank removal and remediation activities at the Freedom spill site.

#### **401 Certification**

- Reviewed 198 individual Nationwide 404 permits, of which eight were for Division of Highways projects.
- 2) Issued 14 individual water quality certifications.
- 3) Issued one Natural Streams Preservation Act permit.
- Received and reviewed various documents on hydroelectric power projects, in accordance with Federal Energy Regulatory Commission (FERC) licensing requirements.
- 5) Reviewed and approved 16 Nationwide 27 permit stream restoration plans.
- Reviewed and approved 15 Nationwide 39 permits for commercial and institutional developments.
- 7) Reviewed and approved three Section 10 permits.
- 8) Reviewed and approved 14 Army Corps of Engineersissued letters of permission.
- 9) Revised 47CSR5A rules for individual state certification of activities requiring a federal permit to reflect federal mitigation rules.

## RESTORING THE ENVIRONMENT

## Office of Abandoned Mine Lands and Reclamation

The Office of Abandoned Mine Lands and Reclamation mends damage that occurred from mining operations prior to Aug. 3, 1977. Abandoned mines impose social and economic costs to residents and impair environmental quality. AML restores land and improves water quality at abandoned or forfeited sites using funding from federal coal taxes.

#### During FY 2014, AML accomplished:

AML accomplishments made toward elimination of health and safety hazards for our citizens living in mining areas were:

Gases: Hazardous/Explosive	4
AMD Water Treatment	200,984 gallons at 5 sites
Clogged Steams	0.69 miles
Dangerous Highwall	9,951 linear feet
Dangerous Impoundments/Portals	73
Dangerous Piles and Embankments	63 acres
Hazardous/Polluted Water	1,687 homes served
Subsidence	20.25 acres
Surface Burning	2.1 acres
Dangerous Slides	5.25 acres
Vertical Openings	4

- Planning Section sent 26 site environmental assessments to the Office of Surface Mining for authorization to proceed with the projects. There were 56 problem area documents submitted, completed and incorporated in the Abandoned Mine Lands Inventory System nationally (AMLIS).
- 2) In-House Design Team completed 18 projects for AML. Contractors (consulting firms) completed 18 projects.
- 3) Investigation of complaints deemed emergencies were 29 at a total design and construction cost of \$2,151,773.94. Citizen complaint investigations numbered 211 and were completed by field inspectors. The total complaints investigated by the Board of Risk and Insurance Management was 40.
- 4) Realty Section completed right of entry for the construction of 30 AML projects and completed exploratory right of entry for the engineering design of 29 projects. Exploratory and/or construction right of entry was also obtained for the design and construction of 27 emergency projects. At the request of the federal Office of Mining Reclamation and Enforcement (OSMRE), the Realty Section also acquired right of entry on 16 completed AML projects for conducting bat surveys for an aggregate of 102 projects addressed.
- 5) There were 9 waterline projects completed through the

issuance of sub-grants serving 1,325 customers and two waterline projects awarded through the issuance of sub-grants serving 350 customers.

#### **Division of Land Restoration**

The Division of Land Restoration cleans up sites contaminated by past industrial activity and restores land once disturbed by natural resource extraction.

#### **Office of Special Reclamation**

The Office of Special Reclamation eliminates abandoned mine hazards due to post-1977 mining operations. This may entail anything from minor to major land restoration and temporary to perpetual water treatment. Its reclamation funds come from coal taxes, civil penalties, and bond forfeitures.

#### During FY 2014, OSR accomplished:

- 1) Provided quarterly progress reports to the Special Reclamation Fund Advisory Council, which met five times.
- 2) Monitored water quality on 43 permits.
- 3) Completed reclamation on 24 permits and started reclamation on nine permits.
- 4) Issued 12 reclamation purchase orders, totaling \$4.1 million.
- 5) Reclaimed 1,202 acres.
- 6) Constructed four water treatment systems.
- 7) Performed 10,548 land and water inspections, and investigated two complaints.

#### Office of Environmental Remediation

The Office of Environmental Remediation restores contaminated sites using the best available science. It cleans up leaking underground storage tanks, oversees voluntary remediation, and administers brownfields site remediation and Superfund sites.

#### During FY 2014, OER accomplished:

- Accepted 12 new applications for properties to participate in the program and issued nine certificates of completion for 17.60 remediated acres of land ready for reuse, under the Voluntary Remediation and Redevelopment Act program. Cumulatively, 144 certificates of completion have been issued for 1,354.16 remediated acres of land.
- 2) Provided oversight of the investigation and cleanup of 72 new leaking underground storage tank sites, and completed investigations and closed the active files on 87 leaking underground storage tank sites.
- 3) Continued working with EPA Region 3 on Superfund actions at 10 National Priority List sites, including the Sharon Steel/Fairmont Coke Project XL and Big John's Salvage site near Fairmont, Morgantown Ordnance

Works, the Fike-Artel Chemical site in Nitro, Allegheny Ballistics Laboratory in Mineral County, the Vienna well field in Wood County, the Pantasote site in Point Pleasant, the Ravenswood PCE site, Olin-Hanlin Chemical site near New Martinsville, and the West Virginia Ordnance Works at Point Pleasant.

- Conducted site assessment activities at four priority hazardous substance sites.
- 5) Worked with EPA Region 3 on the oversight of 42 sites under the Resource Conservation and Recovery Act corrective action; OER is now the lead agency for 12 of the corrective action sites. OER received congratulations from EPA Region 3's Luis Pizarro, assistant director of its Office of Remediation, and John A. Armstead, director of its Land and Chemicals Division, for being the first state in the region to complete RCRA corrective action environmental indicators assessment determinations for all of the West Virginia sites.
- 6) Completed construction of a new synthetic cap at Capon Springs and Morgan County landfills under its Landfill Closure Assistance Program (LCAP).
- 7) Design work for remaining five landfills in LCAP continued.
- 8) Twenty-two landfills, including six subtitle D caps, are in post-closure status. Post-closure care activities consist of monitoring and maintaining the waste containment systems, and monitoring groundwater to ensure that waste is not escaping and polluting the surrounding environment. The required post-closure care period is 30 years from site closure.
- 9) Received and processed 1,488 notifications of excavations from MISS Utility of West Virginia to provide protections from uncontrolled exposures at properties with established environmental covenants under VRRA and Superfund programs.

#### **REAP - The Next Generation**

The Rehabilitation Environmental Action Plan – The Next Generation works to make West Virginia the cleanest state in the nation. Pollution Prevention and Open Dump, Make-It-Shine, Adopt-A-Highway/Adopt-A-Spot, Clean Streams Initiative, Statewide Recycling and Operation Wildflower are the state's cleanup and beautification programs. They are all housed within DEP, providing citizens with a central location to learn about and participate in volunteer cleanup initiatives.

#### **REAP accomplishments for FY 2014**

	PPOD	AAH/AAS	WVMIS	TOTALS
Dumps Eradicated	1,134		21	1,155
Acres Reclaimed	1,054		683	1,737
Miles Roadway Cleaned		3,170	191	3,361
Miles Stream Cleaned	46		134	180
Acres Park Cleaned			683	683
Miles Trail Cleaned			45	45
Active AAH Groups		796		796
Tons Litter/Waste Collected	4,602	311	186	5,099
Tons Scrap Recycled	190		6.83	197
Appliances Recycled	117		307	424
Waste Tires Collected	255,582		2,970	258,552
Tons Plastic Recycled		0.33		0.33
Tons Glass Recycled		0.23		0.23
Tons Aluminum Recycled		0.46	0.31	0.77
Volunteers Participating	2,500	10,612	5,495	18,607
Operation Wildflower Plots				104
Tons Paper Recycled				265
Recycling Grants Awarded		40	totaling \$1	,952,239
CED Grants Awarded		2	6 totaling	\$154,030
Litter Control Grants			26 totaling	\$63,195
Recycling Bin Loan Program	1			4 bins

## SUPPORTING DEP OFFICES

#### **Environmental Advocate**

The Office of Environmental Advocate assists the public in obtaining agency information and technical data, encourages citizen participation during public comment periods, and works closely with DEP offices to develop informational workshops and public forums to address state environmental concerns.

#### During FY 2014, OEA accomplished:

- Assisted in the development of the Aboveground Storage Tank regulations by welcoming and facilitating input from concerned citizens.
- 2) Continued to participate with government and non-gov-

- ernment stakeholder-based workgroups to address state and regional environmental concerns.
- 3) Delivered DEP presentations to public schools, civic, and environmental organizations and community groups, including the keynote address at the West Virginia Environmental Council annual meeting.
- 4) Participated in DEP-sponsored events, such as: DEP Day at the Legislature, Wetlands Day, and various water festivals.
- Expanded participation in contested case hearings before the Surface Mine Board and Environmental Quality Board.

- 6) Expanded assistance to citizens and environmental groups by providing technical assistance and clarification of DEP regulations and policies.
- 7) Coordinated information gathering site visits for citizens to coal mine operations with Article 3 new permit and existing permit renewal applications.
- 8) Organized and facilitated meetings between the cabinet secretary and concerned citizens regarding water quality management and protection, and certification data submitted for regulatory compliance.
- Organized and directed public outreach and environmental education efforts, including paddling the Coal and Hughes rivers.
- 10) Supported the work of the DEP Dive Team by participation as a certified diver on information research and gathering.
- 11) Staff participated in an informational gathering mission to North Dakota, as part of an alliance of educators, regulators, and industry representatives in West Virginia.

#### Small Business Ombudsman

The Small Business Ombudsman assists, educates, and promotes the small business community in environmental compliance.

#### During FY 2014, SBO accomplished:

- 1) Assisted approximately 200 businesses and organizations on permits and enforcement issues related to/including air, oil and gas, groundwater, stormwater, industrial wastewater, hazardous and solid waste, climate change, SPCC, used oil, and a variety of other topics.
- 2) Participated, assisted, and worked with: the West Virginia Development Office (domestic and international), the West Virginia Small Business Development Council, U.S. Small Business Association, Industries of the Future, Environmental Protection Agency, Marshall University, West Virginia University, U.S. and West Virginia Energy departments, Teaming to Win, West Virginia Manufacturing Extension Partnership, Sustainable Schools, and Winfield and Buffalo High schools; elected chair of the National Small Business Environmental Assistance Program; facilitated work on the recreation of the information technology and e-permitting processes within the agency; assisted elected officials; and worked with DEP on cross-media issues for numerous companies and communities.
- 3) Gave numerous talks and speeches regarding environmental issues around the state and nation to a variety of groups, including: West Virginia University, West Virginia Manufacturing Extension Partnership-sponsored statewide trainings, and many others.

4) Managed a \$1 million study on Marcellus Shale drill cuttings for the West Virginia Legislature. First of its kind, this study incorporates concepts from radiation to regression, divulged from experts that represent two universities, two state agencies, and numerous other entities.

#### **Public Information Office**

The Public Information Office provides the public with access to public records, environmental information, and educational resources. This includes writing news releases, coordinating public outreach events and acting as the agency point-of-contact for the media.

#### During FY 2014, PIO accomplished:

- Composed, edited, laid-out, and published eight editions of InDEPth, the agency's award-winning newsletter. Articles involved agency action or participation, and employee life events. The newsletter can be accessed on the Web at http://www.dep.wv.gov/pio/Pages/id99.aspx.
- 2) Composed and published approximately 100 news releases regarding agency action or involvement; also responded to roughly 800 website inquiries through the Contact Us email link on the agency's website.
- Received and processed 1,771 Freedom of Information Act requests; printed public notices from the website bimonthly and mailed them to list of West Virginia subscribers.
- 4) Continued in-house collection of news clippings for issues involving or pertaining to DEP from state newspapers. This service saves the agency approximately \$300 per month.
- Compiled and edited information for the fifth edition of the DEP's State of the Environment Report and for its 22nd Annual Report.
- 6) Coordinated the agency's response to nationwide media inquiries in the aftermath of the Jan. 9 chemical spill into the Elk River.
- 7) Organized the agency's annual spring Environmental Awards ceremony, where businesses, industries, and volunteer groups were recognized by DEP for their outstanding environmental stewardship. There were 21 Environmental Award winners, representing business, industry, and volunteer groups; 16 winners were present.
- 8) Produced 11 half-hour editions of Environment Matters, the agency television news magazine. In addition to our U.S. audience, Environment Matters was seen in 113 countries around the world (top views in the United Kingdom, Canada, Taiwan, India, Germany and Australia). Created new 3D virtual studio for Environment Matters.

- Updated season three with new graphics, new opens, new music, and a new virtual set.
- 9) Provided continuous coverage of the Freedom Industries spill, ensuing water crisis, tank demolition, and site remediation work on Environment Matters.
- 10) Enrolled 837 youth groups, representing 74,174 members statewide, in the Youth Environmental Program.
- 11) Held three major events for YEP: Youth Environmental Day, which had 954 participants; Junior Conservation Camp, which had 196 campers and leaders attend; and the Youth Environmental Conference, which had 78 students and leaders attend. All events were held at state-sponsored facilities at various locations across the state.
- 12) Crafted new logo for use in press release and newsletter headers. Also, fashioned a logo for the newly created Integrated Regulatory Information System (IRIS) project, the data storing, sharing, and retrieving system that the agency uses to conduct business and to regulate industry.
- 13) Conducted Sustainability 101 and Energy Efficiency Workshops that took place eight times, with a total of 472 participants; signed the E3 WestVirginia Charter that made official a state-wide partnership initiative to provide resources to communities and businesses. This would help participants achieve economic, energy efficiency and environmental goals.
- 14) Organized and/or helped organize DEP Day at the Legislature, the annual employee picnic and various other events.

#### Office of Administration

OA provides financial, personnel, procurement and property management services to all of DEP's program offices. OA provides technical assistance to program offices and adheres to statutory and policy directives regarding internal financial and personnel management. It facilitates efficient use of available technology; oversees management of inventory, facilities, records, and vehicles; and develops and oversees various internal policies and procedures.

#### In FY 2014, the OA accomplished:

- 1) Secured approval for an innovative proposal by the Division of Personnel Board on inspector pay in February 2014. It would reduce turnover from 26.67% in FY 2009 to 0.5% in FY 2014.
- 2) Implemented the wvOASIS budgeting component for the FY 2015 Appropriation Request.
- 3) Shifted significant funds from low-earning overnight investments to longer term and higher yielding investments. The shift of these funds has resulted in a substantial

- increase of total earnings, from \$237,032.34 in FY 2013 to \$4,072,063.55 in FY 2014.
- 4) Implemented plans for operation with reduced available funds due to budget cuts and reduced revenues.
- Launched customer service and employee engagement surveys to improve service of the OA and create plans for improved employee engagement.
- 6) Revised sub-grant standard operating procedures to improve accountability for sub-grantees.
- 7) Relocated AML staff from inadequate office space in Philippi to new space in Bridgeport.
- 8) Implemented the use of Microsoft Live Meeting to reduce travel, improve meeting attendance and promote better time management.
- 9) Provided training opportunities to DEP, including: Budget Narrative Training to appropriate department staff, Dale Carnegie Training, Defensive Driving Training, Active Shooter Training, Microsoft Live Meeting, and Grants Management Certification Training.
- 10) Completed review of DOP allocations of all employees' titles for the PLANS Project.
- 11) Completed quarterly Agency Pay Plan Implementation Raise Reviews and provided these documents to division directors for review in July, October and April.
- 12) Began Profiles quarterly webinars for managers on assessments and manager reports.
- 13) Revised the DEP Travel Policy.
- 14) Launched Defensive Driving Training to the agency, instructing 810 employees.
- 15) Updated budget objectives for FY 2015 to more accurately reflect DEP's operational goals.
- 16) Offered New Employee Orientation a total of six times.
- 17) Created an agency-wide wvOASIS team in July 2013 to help transition.
- 18) Completed request and review of annual motor vehicle driving records.

#### **Information Technology Office**

ITO serves DEP's expanding information management needs with two sections: one develops and supports custom programs, and another supports the agency's geographic information systems and technical computing applications, developing spatial data applications for environmental and business use.

### In FY 2014, ITO accomplished: Technical and Geographic Information System

1) Completed Best Management Practices (BMP), Water Resources Management Plan Application and Light

Detection and Ranging (LiDAR) data.

2) Continued to work on the GeoMine project.

#### **Application Development System**

- 1) Supports: the Environmental Resource Information System, which tracks regulatory data for multiple divisions within DEP; ePermitting, a public Web-based system which allows completion of applications without paper for any permit issued by DEP; and AirTrax II, a Web-based system which tracks similar data for the Division of Air Quality.
- 2) Sped up internal and external systems.
- 3) Began the Bridge Plan for the IRIS project.
- 4) Updated numerous servers.
- 5) Completed Dam Safety Report Generator.
- 6) Completed Webbase To WQX Feed Generator.

#### Office of Legal Services

OLS represents the agency in permitting and enforcement actions before administrative boards, circuit courts and appellate courts, providing counsel to the agency offices on regulatory and legislative matters. OLS works with all divisions and offices in the DEP to assist with the implementation of regulatory programs.

#### During FY 2014, OLS accomplished:

1) Brought petition for contempt, enforcing consent judgment against limestone quarry operator, which resulted in agreement and payment of civil penalties of \$180.000.

- Successfully defended Oil and Gas permit and subsequent administrative orders involving multi-million dollar Marcellus Shale fracturing operation in Marshall County.
- 3) Brought lawsuit against underground storage tank operator that resulted in a consent judgment that included upgrades to UST system and tanks, and payment of a civil penalty of \$14,000.
- 4) Made final civil action against two hazardous waste recyclers that spilled excessive amounts of chromium and arsenic wastes; the case resulted in a \$300,000 cleanup and payment of civil penalties against two owners individually for \$10,000.
- 5) Successfully defended mandamus action filed by citizens' groups in response to large-scale regional chemical spill.
- 6) Successfully defended civil suit and motion for injunction filed by neighboring municipality in response to largescale regional chemical spill.
- 7) Entered consent decree as co-plaintiff with the U.S. Environmental Protection Agency in two separate federal Clean Water Act enforcement cases against polluting companies, instituting compliance measures, and collecting more than \$11 million in civil penalties.
- 8) Entered consent decree as plaintiff against a polluting sewer district, instituting compliance measures, establishing stipulated penalties, and collecting \$300,000 in civil penalties.
- 9) Reached settlements involving selenium and other pollutant limits for more than a dozen mining operations, which are in permit appeals before the Environmental Quality Board.

## BOARDS & COMMISSIONS

#### **Air Quality Board**

The Air Quality Board is a quasi-judicial body responsible for hearing appeals regarding the issuance or denial of permits, permit conditions, or enforcement decisions rendered by the Division of Air Quality. Citizens and the regulated community file appeals with the board.

#### During FY 2014, AQB accomplished:

- 1. Filed two new appeals and entered one order.
- 2. Uploaded notices of appeal, certified records and order to the board's website.

#### **Environmental Quality Board**

The Environmental Quality Board is a quasi-judicial body responsible for hearing appeals regarding the issuance or denial of permits, permit conditions, or enforcement decisions rendered by the Division of Water and Waste Management. Citizens and the regulated community file appeals with the board.

#### During FY 2014, EQB accomplished:

- 1. Filed 28 new appeals and entered 48 orders.
- 2. Held six appeal hearings.
- 3. Uploaded notices of appeal, certified records, and orders to the board's website.

#### Oil and Gas Conservation Commission

The Oil and Gas Conservation Commission regulates the drilling of deep oil and gas wells in the state. The OGCC approves drilling permits and conducts hearings on matters relating to the exploration for, or the production of, oil and gas from deep wells. Hearings are held to determine the optimum spacing of wells, as well as to pool the interests of royalty owners and operators of a drilling unit. Additionally, the OGCC conducts hearings on matters using lands for the secondary recovery of oil and/or natural gas.

#### During FY 2014, OOGC accomplished:

- 1) Approved 26 deep well approvals.
- 2) Held five administrative hearings.
- 3) Collected \$189,754.08 in leased acreage taxes.
- 4) Managed/maintained oil and gas well performance bonds. The OGCC serves as a technical adviser on oil and gas issues to the chief of OOG, to the DEP, and to other state agencies having responsibility regarding the oil and gas industry.

#### **Surface Mine Board**

The Surface Mine Board (SMB) conducts hearings on appeals presented to the board by any party that believes it is aggrieved by a decision of the secretary of the Department of Environmental Protection. Decisions appealed include permits issued, permit applications denied, notices of violation and failure to issue notices of violation for alleged violations of law or regulations.

#### During FY 2014, SMB accomplished:

- 1) Filed 16 appeals.
- 2) Conducted 15 hearings.
- 3) Entered 13 orders.

#### **Solid Waste Management Board**

The Solid Waste Management Board (SWMB) develops solid waste management plans, makes loans and grants for solid waste disposal projects, and provides program implementation and technical assistance to 50 county and regional solid waste authorities (SWAs) and other governmental entities in solid waste management. This includes municipalities mandated by the Legislature, to establish source separation and curbside recycling programs.

The SWMB, an independent agency within the DEP, is required to meet four times per year, or upon the request of the chair.

#### During FY 2014, SWMB accomplished:

- Met 12 times, evaluated and approved nine Commercial Solid Waste Facility Siting Plans and six Comprehensive Litter and Solid Waste Control Plans; met 50 local solid waste authorities and municipalities to conduct program reviews, provide technical, financial, and business assistance, promoted recycling, market development, and planning functions.
- 2) Distributed \$1.5 million in solid waste assessment fees to 50 local and regional SWAs; awarded \$300,000 in grant funds to 31 local SWAs for improvement projects, including land-fill and recycling processing equipment, financial examinations, educational training, and certifications. The SWMB loaned \$200,000 to Greenbrier County SWA to partially finance construction of a new disposal cell.
- 3) Completed 28 quarterly performance measures and four biennial performance reviews on SWA's operating commercial solid waste facilities to gauge productivity, determine effectiveness and efficiency of facility operations, and identified serious impairments. Impairments identified in a biennial performance review placed the Nicholas County SWA in a "seriously impaired" category, and the authority was put into a temporary 90-day intervention period. The SWA did not correct the impairments, therefore, in accordance with W.Va. Code § 22c-3-26, the SWMB voted to supersede until the SWA is able to address and resolve impairments identified in the March 19, 2014, performance review.
